## **Welcome To The World of Educational Student Travel!**

Since our company's founding in 1974 we have been providing school systems and student groups the very best in high-quality, value-oriented trips and tours. We specialize in customizing programs specifically to the needs and wants of the

individual group, whether large or small. Whether you are the U.S. History Teacher, the Foreign Language Teacher, the School Band Teacher, or the Athletic Director we have the very best tours in the industry for your students.

### **WHAT SEPARATES US FROM THE REST OF THE PACK**

#### **Customize, Customize, Customize**

One of the biggest challenges we hear from educators is that most student tours are simple cookie-cutter programs that don't really provide any educational experience. Educators want the ability to customize a program to their curriculum. We will take the time to meet with you and design a travel program that is an extension of your curriculum. We take a consultative approach with our educators to make sure we are providing the tour you are looking for, and at an unmatched value. We customize our itineraries to meet the specific needs of Middle School, High School, and College Students as the needs of these students differs. In keeping with the tour to classroom curriculum concept, we also customize the itineraries to match general education versus Honor/Advanced Placement student tours. We utilize our 45 years of operating trips to handle all logistics of the trip and guide you through the process of creating a magnificent program.

#### **Your Tour is an Extension of the Classroom**

We have always held the belief that your student tour is an extension of the classroom. Think of us a mobile classroom, as our tours are not just recreational in nature but are a substantive learning experience that has been customized specifically for you and your students. That is what truly separates us from other tour companies and why our programs are known as Student Development Tours. We believe that learning through experience is one of the best ways for students to gain new perspectives on life and build skills for the future. Allowing students the ability to experience the world around them, to experience new cultures and places, to discover who they are, and grow more confident and independent are essential components of our travel programs. We look to work with the teacher to engage the students before, during, and after their tour to create the best educational tour experience possible.

#### **Quality and Value**

We realize that student tours are an expense to the parent. Raising a student is an expensive endeavor and we work extensively with you to develop a program that meets the financial capabilities of your community. Just like no two people are alike,

neither is every school system. We make sure we provide high quality components in your trip at a very economical price. We use our leverage of operating hundreds of trips a year to obtain the best pricing possible. Through experience we have learned that for many student tours they wish to have every meal included in their program and unlike most, we're able to make that happen. We believe in the old saying "you get what you pay for", and we make sure we provide you the very best quality, very best experience, very best service, at a price your families can afford.

### **Big or Small - We've Got You Covered**

Whether you're a student group that plans to travel with just 20 students or you operate a program with a few hundred students we've got you covered. For over 45 years we have been operating trips and are extremely experienced in managing large groups. We've handled all of the logistics and operations of many trips that incorporate more than 3,000 people in attendance. But don't worry, we provide equal attention and caring to groups of all sizes.

### **Safety**

The safety and security of your students is one of our top priorities. All of our student programs include an experienced Tour Director who supports you 24/7 and knows the in's and out's of every destination on your itinerary. Our Tour Directors are seasoned professionals, have undergone extensive training, and in many circumstances are former educators. Our Tour Directors are equipped to manage challenging situations while on the road, and have direct access to our Best of Times Travel office for additional assistance if needed. As part of our commitment to student safety, we provide professional overnight security in the hotel, and perform standard inspections of our travel partners/suppliers. We also conduct criminal background checks on the Tour Directors and all adult travelers (such as parents and chaperones) that join your group. We also offer all of our student groups the ability to purchase Traveler's Insurance through our partner, Chubb Travel Protection, in order to cover any issues before or during the tour. And of course, you, your students, their parents and your administrators can reach us, if anything comes up before or while your group is out on tour.

### **Peace of Mind**

In today's world there's nothing more valuable than peace of mind. Not only do we carry our Corporate Liability Insurance that protects all of our customers, but we also provide all of our student tours the ability to offer Personal Travelers Insurance for all students. This gives you, your administration, and your parents peace of mind that the student is protected from the moment they register for the trip. We work with Chubb Travel Insurance to provide a package that includes Pre-Departure protection, Trip Interruption protection, Trip Delay protection, Medical Expense Coverage, Luggage Coverage, and Assistance Services while traveling. We never want anyone worried about their student while out on tour.

### **Advertising and Promotion**

It's one thing to plan a trip, but if it doesn't look appealing, it's hard to get people to sign up. That's why once we have finished the process of planning and setting up your tour we will create professional customized flyers for you to begin promoting the trip. Our staff is also available to provide informational presentations for parents, students, and your staff to assist in not only selling the program but assisting in the registration process.

## **2 Day / 1 Night Program - Additional Itineraries Available**

**Day One:** After an early morning departure and a breakfast stop enroute we arrive at **West Point Military Academy**. We start our day at West Point with our professionally conducted, fully **guided tour of the Academy**. This is a riding tour aboard our coach with several stops included: **Old Cadet Chapel** rich in history, **The Plain** (where George Washington drilled the American forces – now the parade ground for the Academy) and **Trophy Point** (site of relics of wars dating back to the Revolution). This is the best way to experience this historic United States Military Academy. After our guided tour we will arrive back at the welcome center for a **self-guided tour of the Museum**. Here we'll view the oldest and largest diversified public collection of militaria in the Western Hemisphere. Highlights also include some special collections of General Douglas MacArthur, George Patton and President Dwight Eisenhower (all graduates of West Point). **Battlefields of the Civil War w/  
Bull Run, Harpers Ferry, Antietam, & Gettysburg**

**Our Standard - 4 Days/ 3Night Program - Additional Days and a more extensive itinerary are available upon request**

*Best of Times Travel is using over forty years of personal Civil War Travel and History experience to put together this once in a life time experience. We bring the studies in the classroom to life on this amazing journey. Come join us and relive some of the most decisive battles in our nation's history. But don't be fooled, this trip is more than a historical journey. We've packed plenty of fun and entertainment in our travels to provide memories of a lifetime.*

**The Major Highlights:**

- **The Battle of Bull Run**, the first battle of the great conflict. The site where people from Washington came out, with their picnic baskets and lemonaid to watch the north defeat the south and end this "foolish" rebellion. The battle that sent these spectators trampling each other as they fled back to DC. Where the north suffered their first of many defeats, and where the great confederate general "Stonewall Jackson" earned his name.
- Beautiful and quaint **Harper's Ferry West Virginia**, the site of where the famed anti- slavery activist John Brown's failed raid on the federal gun arsenal located there in order to arm slaves to rebel against the south. This event is perhaps the singular event that prompted the southern states to realize that northerners would stop at nothing in their attempts to end slavery. Brown would later be hanged for his role at Harper's Ferry, located in the Blue Ridge Mountains on the beautiful Shenandoah River.
- The **Battle of Antietam**. A battle near the small town of Sharpsburg, MD, that would become to be known as the "single bloodiest" day of the war. Twenty three thousand brave men would fall on this day. While not a northern victory, it was the closest thing that President Abraham Lincoln had to one, and it prompted him to issue the Emancipation Proclamation. Now the war would be two fold. To preserve the Union and to end slavery.
- The **Battle of Gettysburg**. The crown jewel of our trip, and the turning point of the war. A three day battle in July of 1863, Gettysburg is the most famous and tragic battle ever fought on American soil. A field that spans some forty two square miles, is where Robert E. Lee made his worst mistake of the war, giving the north a victory that would signal the eventual end of the conflict. The cemetery where President Lincoln would deliver his famed address, is a very moving site. Visited by millions of people, it is without question "hallowed ground" and a must see for every American.
